

Monday
May 17th

Hi Vicki + Jim,

just a short little
note from the office
this morning - I
want to thank you
for the lovely Mother's
Day card and Oak Leaf
pin that I discovered
on the dresser in your
room on Saturday - !
I love the pin and will
enjoy wearing it - especially
since I'll remember
it came from Vienna
and you -

I don't know why
I didn't see it sooner
because I had been
there to the closet

several times but
didn't look around
very thoroughly - obviously -
H.P.

We had a nice week
and Dad went to Ken's on
Saturday to help him put
in forms for his patio
and I drove in after
work and took some
chicken for lunch - you
know, the kind that's cooked
& then frozen - easy to heat
up - it was a beautiful
day and Debbie and I
stunned on the lounge
for awhile - we left about
3:00 -

Then yesterday we took
the pickup to Mac in
the afternoon and checked
out all the auto agencies

and lots but didn't see
much that struck our
fancies -

Then stopped at the
Garden Shop and bought
a "largeish" Red Maple
tree for the front yard -
it is a big improvement
over that pitiful little
dead stick of one we had!

That's about all we've done
We had dinner with Francis
yesterday - She hasn't felt
too well most of the week -
Her heart I guess - And her
Dr. says to cut out that
yard work - So she must
stop mowing & digging at
least - Time to get busy
now - Write soon and hope
you are both fine -

Love, Mom & Dad.
